SUBHASH PALLAPU

Nandyala, Andhra Pradesh, Inida **P:** 9553518818 **E:** pallapusubhash14@gmail.com **L:** LinkedIN

OBJECTIVE:

Motivated Electronics and Communication Engineering student with a basic foundation in C and Python programming and introductory knowledge of VLSI concepts. Seeking an entry-level opportunity to apply theoretical knowledge, enhance technical skills, and contribute to organizational growth while learning industry-relevant technologies.

SKILLS:

- Basic Foundation in C, Python
- VLSI Design Fundamentals
- Effective time management
- Analytical thinking, decision-making
- Communication skills
- Project management

PROJECTS & INTERNSHIPS

CMOS Digital IC Design – Domino OR Gate

- Designed a **CMOS Domino OR gate** using dynamic logic principles.
- Implemented **precharge and evaluation phases** controlled by a clock signal.
- Developed the pull-down network to achieve correct OR logic functionality.
- Analyzed the design for **reduced transistor count and faster switching** compared to static CMOS logic.

Improving Annotation Efficiency in Biomedical Signals Using Deep Learning and Human Feedback

- Currently developing a human-in-the-loop deep learning framework to assist annotation of biomedical signals such as ECG/EEG.
- Exploring **active learning and uncertainty-based sampling** to identify high-impact signal segments for expert annotation.

VIRTUAL INTERNSHIP

Embedded Systems – Virtual Internship (SKILL DZIRE)

- Completed a **virtual internship in Embedded Systems** covering fundamentals of hardware–software integration.
- Gained basic knowledge of **microcontrollers, embedded C programming, and interfacing concepts**..
- Learned the working principles of **embedded system architecture, sensors, and peripherals**.

EDUCATION:

Bachelor's Degree in Electronic Communication *October 2022 - May 2026*

Rajeev Gandhi Memorial College of Engineering and Technology, Nandyala

Pre University Course (MPC) *Juner 2020 – May 2022*

Nucleus Junior College, Nandyala

INTERESTS:

Culinary Exploration: Always eager to experiment with new ingredients, flavors, and cooking techniques.

Photography: Passionate about nature photography, especially landscapes and natural details.
